

I have more than 10 years of professional experience in programming and design. Having a wide array of skills allows me to better understand the full picture. That way I am able to successfully translate projects into a suitable solution, both technically and visually.

EXPERIENCE & KNOWLEDGE

Software Developer

IXOR

December 2016

So far I worked on 4 larger projects at IXOR, both solo as while being part of a talented team. These projects consisted both of Back-End Development in Java and Groovy as well as Front-End Development in React and ES6 (JavaScript).

Full Stack Developer & DevOps

Open Up Media

March 2013 - March 2017

At Open Up Media I developed a large amount of projects (40+) for a variety of clients. I also helped optimising the internal development workflow as well as the development servers. Furthermore I programmed helpful libraries and modules for internal usage.

Full Stack Developer & DevOps

Savant Media

January 2010 - February 2013

At Savant Media I improved the original development workflow and speed by implementing new methodologies and tools (both custom written and off-the-shelf). One of the improvements consisted of adding, configuring and maintaining a Linux-server.

Freelance Web Designer

Prophets

October 2009 - December 2009

At Prophets I was responsible for several design tasks. I mainly implemented Adobe Flash and HTML front-ends for clients such as Coca-Cola, Mobistar, AXA Bank and the Province of Antwerp.

Education 3D en VFX

Personal initiative

March 2009 - September 2009

The results from this initiative are to be found in the promotional 3D animations that are made for the popular D&B event Stealth Bombers, through <https://vimeo.com/thomastorfs>

Front-end Developer & Web Designer

Foreach

October 2006 - February 2009

Foreach allowed me to work for larger clients such as Mediafin and Telenet, mainly as a Front-end Developer. At Mediafin I was part of the team that made the websites for De Tijd. Apart from Front-end Development, I also programmed ActionScript and worked on internal projects.

Creative Consultant

Boulevard

May 2006 - September 2006

I was responsible for various projects for Fortis, Capital At Work, Antwerp Diamond Bank, Showtex, Infront, The Project Architects, Flanders Investment and Trade and Toyota. These projects mainly comprised of Front-end and partial Back-end Development.
